

Small businesses are the economic engine of our country.

In this tough economy, small businesses need all the help they can get so they can continue being successful and creating jobs for Georgians.

That's why Congressman Barrow is hosting a Small Business Symposium on March 29th in Savannah

Folks will be on hand from government agencies, such as the Department of Commerce Minority Business Development Agency, the Georgia Department of Labor, the Internal Revenue Service, the Small Business Administration, and the U.S.D.A. Congressman Barrow's staff members will also be on hand to answer any questions.

The event is free and open to the public. Hope you can make it!
